EMPOWERING YOUTH FOR CAREER SUCCESS

Erasmus+ Youth Exchange

24.09.2026 – 02.10.2026 |

Kobuleti, Georgia

About the Project

Empowering Youth for Career Success is an Erasmus+ Youth Exchange project organized by Semper Avanti Opole. The project directly addresses the dual challenges of high youth unemployment and low civic engagement among young people aged 20–29.

Through non-formal education, international mobility, and hands-on workshops, this project bridges the gap between formal education and the modern labor market. By exploring digital tools, mastering job hunting techniques, and conducting real-world field research in Batumi, participants will build the skills, confidence, and motivation needed to thrive professionally and become active changemakers in their local communities.
